### **AUTHOR'S/SPONSOR'S STATEMENT OF INTENT**

The Texas Board of Chiropractic Examiners was created in 1949 to protect the public's health, safety, and economic welfare by ensuring that chiropractors are qualified and competent. The board has three primary functions: licensing chiropractors, licensing chiropractic radiological technicians, and registering chiropractic facilities; setting standards for the profession; and enforcing the Chiropractic Act by investigating and resolving complaints. The board currently licenses about 4,700 chiropractors, with a staff of six employees and an annual budget of \$340,000.

The board is subject to the Sunset Act and will be abolished on September 1, 2005, unless continued by the legislature. The sunset review found that the regulation of chiropractors is needed, but the board's process for defining scope of practice should be improved and its enforcement program strengthened.

H.B. 972 continues the Texas Board of Chiropractic Examiners until 2017 and addresses the recommendations of the sunset review.

### **RULEMAKING AUTHORITY**

Rulemaking authority previously granted to the Texas Board of Chiropractic Examiners is modified in SECTION 7 (Section 201.152, Occupations Code), SECTION 11 (Section 201.205, Occupations Code), and SECTION 23 (Section 201.307, Occupations Code) of this bill.

Rulemaking authority is expressly granted to the Texas Board of Chiropractic Examiners in SECTION 8 (Section 201.1525, Occupations Code), SECTION 9 (Section 201.1555, Occupations Code), SECTION 14 (Section 201.252, Occupations Code), SECTION 17 (Section 201.2545, Occupations Code), SECTION 22 (Section 201.305, Occupations Code), and SECTION 23 (Section 201.307, Occupations Code) of this bill.

(d) Makes a nonsubstantive change.

**SECTION 4.** Amends Sections 201.056(a) and (c), Occupations Code, as follows:

Deletes as grounds for removal the violation of a prohibition established by Section 201.053. Makes a nonsubstantive change.

(c) Requires the executive director, if the executive director has knowledge that a potential ground for removal exists, to notify the president of the board, who, in turn, is required to notify the governor and the attorney general, rather than the executive director notifying the governor and attorney general directly. Requires the executive director, if the potential ground for removal involves the president, to notify the next highest ranking officer of the board who is then required to notify the governor and the attorney general.

Sec. 201.1526. **DEVELOPMENT OF PROPOSED RULES REGARDING SCOPE OF PRACTICE OF CHIROPRACTIC.** (a) Provides that this section applies to the process by which the board develops proposed rules under Section 201.1525 before the proposed rules are published in the Texas Register and before the board complies with the rulemaking requirements of Chapter 2001 (Administrative Procedure), Government Code. Provides that this section does not affect the duty of the board to comply with the rulemaking requirements of that law.

(b) Requires the board to establish methods under which the board will seek input early in the rule development process from the public and from persons who will be most affected by a proposed rule. Sets forth which methods the board is required to include, and which methods the board is authorized to include.

(c) Prohibits a rule adopted by the board under Section 201.1525 from being challenged on the grounds that the board did not comply with this

Provides that, except as provided by this section, confidential information that is shared under this section remains confidential under law and legal restrictions on access to the information remain in effect unless the agency sharing the information approves use of the information by the receiving agency for enforcement purposes. Provides that the provision of information by the board to TDI or by TDI to the board under this subsection does not constitute a waiver of privilege or confidentiality as established by law.
